REPORT.

HARTFORD, CONN., Jan. 7, 1913.

To the General Assembly of the State of Connecticut:

In compliance with the provisions of Chapter 197 of the Public Acts of 1905, the Board of Control submits its fourth biennial report showing increases made by it under the authority of said act, since Jan. 4, 1911, and for the term ended this day.

Schedule A shows increases of the appropriations for the fiscal term ended September 30, 1911. These amounting in the aggregate to \$76,894.36, enabled the Comptroller to draw orders for all bills approved by him as chargeable to the appropriations for that fiscal term. The act above referred to provides "That the total amount of such increases made by said Board shall not exceed the sum of one hundred and fifty thousand dollars for the two fiscal years for which such appropriations were made." The total increases for the aforesaid fiscal term are as follows:

Reported in January, 1911,	\$61,791.91
Reported in present report,	76,894.36
Total increases for above term,	\$138,686.27

Schedule B shows increases of the appropriations for the fiscal term ending September 30, 1913, amounting to \$144,388.39. This large amount is without precedent, but was made necessary by the omission of the Legislature of 1911 to provide adequate appropriations to carry out the provisions of existing law. In consequence of this action the Board finds that the amount allowed by Statute for increasing the appropriations of 1911 has been nearly exhausted, while the part of the fiscal term which usually requires increases of appropriations is yet to come. Legislation will therefore be asked to add to this allowance for the present fiscal term.

Respectfully submitted,

SIMEON E. BALDWIN, *Governor,*

COSTELLO LIPPITT, *Treasurer,*

THOMAS D. BRADSTREET, *Comptroller,*

JOHN H. LIGHT, *Attorney General,*

Board of Control.
